Roof Release:

The roof surface must be walked upon during the fumigation process. Although the utmost care will be exercised, damage to the roof shingles, tile/metal or other roof coverings, solar panels, satellite dishes, or antennas will/ may occur. Although, we will take utmost care to prevent antennas and satellite dishes from losing calibration, we will not assume any liability if reception is lost due to the fumigation process. Recalibration will need to be arranged with your service provider at customer's expense. Neither **Legion Pest Management** nor **Pride Fumigation** will assume any liability or responsibility for replacement or repair for such damage or consequential damage that will/ may occur during the fumigation.

Security Release:

Due to difficult economic conditions, local authorities have reported a recent increase in the number of home burglaries. Unfortunately, this could affect our customer's properties while they are being fumigated. While we take certain precautions to deter such illegal activity, we do not provide on-site security and our insurance does not provide coverage against break-ins or vandalism, if it were to occur. Thus, we request you consider implementing the following security measures while you are away from your property.

Crime Prevention Tips:

- Hire On- site security.
- Take valuables such as money, jewelry, credit cards, important documents, etc., with you to secure locations.
- Notify your trusted neighbors that your home is going to be fumigated and to call the police if they notice any suspicious activity.
- Contact your local law enforcement and request extra patrols of your property while you are away.

I acknowledge I have been advised of the suggested measures listed above and understand that **Legion Pest Management** nor **Pride Fumigation** are liable in the event a break-in or vandalism occurs during the fumigation process.

Mobile Home Release (If Applicable):

Due to the fragile nature in which mobile homes are constructed, damage can/will occur to CARPORTS, ROOF RAILS, SIDING, AWNING, OR TRIM. Also, decorative ground cover will be disturbed and plastic beneath ground covering may be torn in order to get a proper ground seal. Neither **Legion Pest Management** nor **Pride Fumigation** will assume any liability or responsibility for replacement or repair of consequential damage that will/may occur during the fumigation.
